DCRA instructions prohibit entitlement to free passage to those members proceeding by Service flight. The number of Alberta members on the Bisley Team in each year will be deducted from the 24 transportation fares. The Province may be represented at Ottawa by 30 members. Anyone paying his own railway fare may obtain convention rate or obtain a rebate from the DCRA treasurer (see DCRA regulations).

## SECTION IX

### GENERAL INFORMATION AND CONDITIONS

---

#### Membership and Affiliation

(a) Membership in the Alberta Provincial Rifle Association is contingent upon payment of an annual fee or Life Membership. An annual subscription of \$3.00 entitles privileges of membership, and to take part as a competitor in the annual matches. Cadets and Juniors are entitled to free membership.

(b) Affiliation: Any Unit, Unit Rifle Association or Civilian Rifle Club may affiliate with the APRA on payment of an affiliation fee (see Team Section).

(c) A service charge of \$1.00 per day will be levied against each competitor in any APRA sponsored match (Hunter's Day excepted).

#### Classification

(a) GREENSHOT: A Greenshot is a competitor who has not in former years competed in any National, Dominion, Provincial or State Rifle Meet. Any shoot recognized by the APRA and to which it gives financial assistance shall, for the purpose of classification of a Greenshot, be recognized as a Provincial Meet. A Greenshot remains in his class for the first year's competition and automatically becomes a Tyro the second year. Irrespective of prizes won, a Greenshot does not become a Provincial Senior for second year's competition.

(b) TYRO: A Tyro is a competitor whose name did not appear in the top 25 per cent of the Alberta competitors who entered in the Grand Aggregate during the past five years.

(c) SENIOR: A Senior is a competitor who has an average higher than that mentioned in the foregoing paragraph. Once a competitor has attained this standing he will remain a Senior for five years from the time he last attains this average.

(d) **NON-RESIDENTS:** Persons residing outside the boundaries of the Province of Alberta will be classified as Seniors. Visitors attending the annual prize meet a second year will automatically be placed in their proper class.

N.B.—A Greenshot or Tyro remains in that class for the entire calendar year in which he competes irrespective of prizes won in any meets during that year.

Regardless of the above, all competitors who are Seniors at the DCRA will be Seniors at the APRA.

### Administration

(a) **EXECUTIVE MEETING**—In accordance with the provisions of the constitution, a meeting of the Executive Committee will be held at the pavilion, Tuesday evening, July 18, at 8:00 p.m. for the purpose of appointing a Match Committee and such other business as may be brought before them.

(b) **MATCH COMMITTEE**—A Match Committee will be appointed by the Executive Committee prior to the Prize Meeting. This committee of five members (three to form a quorum) will have the power to hear and rule on any protest or complaint or other matters submitted in writing through the secretary. Any decision made by the Match Committee shall be final. They may, however, at their discretion, refer any matter to the Executive Committee, in which case the decision of the Executive on said matter shall be final.

The Match Committee HAS NOT THE POWER TO ALTER THE CONDITIONS OF THE MATCHES. Such decisions must be referred to the Executive. Regular meetings of the Match Committee will be held each day during the Prize Meeting, immediately after the conclusion of the morning and evening shooting. Special meetings may be called by the chairman at any time.

(c) **SEMI-ANNUAL MEMBERS' MEETING** — In accordance with the constitution, a meeting of all competitors will be held at the pavilion on Thursday, July 20, at 7:00 p.m.

**Camp Accommodation**—Members will be furnished with cots and bedding at Sarcee at a cost of \$3.50 per competitor.

It is regretted that there will be no provision made for family groups, and it is suggested they bring their own camping equipment, bedding, etc. There will be no charge for tent space. All competitors will pay a service charge of \$1.00 per day.

Maple Leaf Service will **not** be able to provide meals and canteen service. An endeavour will be made to have a mobile caterer provide for the lunch hour.

**Entries**—Entries for the individual matches must be in the hands of the secretary ten days before the matches are scheduled to start. Competitors are earnestly requested to forward entry forms as early as possible. Payment may be forwarded with the entry form or may be made at any time before receiving match cards.

To facilitate squadding and to enable us to keep within the time schedule, the number of entries may be limited. Competitors entering all Full Bore matches will receive preference, and will be accepted in the order in which entries are received.

**Ammunition**—Competitors are particularly requested to draw their requirements as early as possible. Specified times, well in advance of the first official match, will be posted on the bulletin board for competitors desiring to draw their ammunition allotment. The regulations concerning ammunition will be strictly enforced. Competitors must use the official ammunition supplied for this annual prize meeting and no other — under penalty of disciplinary action by the Match Committee. Arrangements will be made so that ammunition may be drawn at intervals during the prize meeting.

The No. 4 Rifle with .303 barrel or 7.62 barrel as approved by DCRA regulations will be allowed with centre or fore-end bearing as approved by DCRA regulations.

Rifles may be fitted with any type of aperture sight currently approved by the DCRA with the exception of the Service Conditions Matches. Trigger weight must be not less than five pounds. The Chief Range Officer may test the trigger pull of any competitor's rifle, but must test the pull of any competitor registering a possible.

The M1 or M14 American Service Rifle as issued in either .30/06 or 7.62 calibre may be used.

**Slings**—Sling, any color of leather or webbing, may be used as an assistance in shooting in all matches in which slings are authorized, and when used they must not exceed 2 inches in width by 54 inches in length, exclusive of the tongue and buckle. If any sling exceeding the size specified is used, the competitor's score will be disallowed. The sling may be placed around one arm or wrist, and around one only, and not around any other part of the body.

No hook, or interior padding shall be used to retain the sling, or rifle in any particular position on the competitor's person. Nothing in the above regulations is to be taken as precluding the use of the American army type of sling. DCRA Regulation 3.12 states: Slings of U.S. Military design, without pad or cuff, will be permitted. Use of Gauntlet gloves of any kind is forbidden.

**Coaching**—In competitions where individual prizes are being competed for, coaching of any kind is strictly prohibited. This prohibition includes competitors while on the firing points giving information to neighboring competitors.

## Sighting and Practice Shots

(a) Practice shot tickets may be purchased in strips of five from the office at a cost of 25c. One practice shot will be allowed before the first range each morning, in addition to the two compulsory free sighters. In addition, three practice shots will be allowed before the first 900-yard range match and the first 1,000-yard range match.

(b) Two free sighting shots will be allowed at each range in the squadded matches, and team matches. Also two free sighting shots will be allowed where ties have to be shot off and one on the resumption of firing, when the completion has been interrupted by cease fire, or delayed for a period exceeding five minutes by any legitimate or unforeseen cause which is not the fault of the competitor, or when in the judgment of the Chief Range Officer the circumstances justify such allowance.

## Communication and Marking

**TELEPHONES**—The Executive will use its best endeavors to secure telephone communication with the butts, but should there be any breakdown in the arrangements, whether of a temporary or permanent nature, such occurrence must not be allowed to interrupt the shooting, nor will it be admitted as claim on the part of a competitor to any indulgence.

## DCRA Regulations To Apply

**MESSAGES** — Competitors requesting examination of target under challenge shall use the following terms:

Examine target (number) for a hit.

Spotting disc disagrees with signal on target (number).

Challenge target (number) for a hit.

Challenge target (number) for a higher/lower value.

**MARKINGS**—All hits on the target will be spotted by the use of a red marker at all ranges. Hits in the corners of the 200 to 600 yard targets outside the outer circle have no scoring value, but will be spotted.

**RICOCHETS**—In all competitions ricochets are counted as hits.

**CHALLENGES**—The marking for value of a shot may be challenged before any other shot has been fired at the same target, on the sum of 50c being first deposited with the Range Officer. If, on examination, the marking in question is confirmed, the challenge fee shall be forfeited without appeal. If, on the contrary, the objection proves well founded, the correct value will be signalled in the usual way, the fee shall be returned to the competitor who paid it, and the score altered in accordance with the decision received. In all challenges for value the Butt Officer's decision shall be final. One challenge only per shot will be permitted. Competitors are requested to equip themselves with the proper change, and not to depend on the Range Officer being in the position to make change.

We will endeavor to have a shooter's representative in the Butts to examine, with the Butt Officer, all shots challenged, who will record their findings.

**TIES — FOR SHOOTOFFS** — to be conducted as per DCRA Regulation 7.80.

## Match Squadding and Match Cards

Each competitor's firing ticket will indicate in which squad he is scheduled to fire in each match.

Match Tickets (or Score Cards) are the only tickets which carry with them an authority to the Range Officer to permit a competitor to fire, and that authority is strictly limited to the DAY, HOUR, RANGE and TARGET stated on the ticket or squadding table. Squadded tickets are not transferable; any competitor who shall use any squadded ticket other than that issued to him shall be liable to incur a penalty of disqualification.

The Range Statistician does not have the authority to accept match squadding cards other than the relay earmarked to fire. The Chief Range Officer, and the appointed Match Committee will enforce this regulation at all times, and only unsquadded match cards will be squadded by the Chief Range Officer.

Shooting will then be carried on with a time limit of 45 seconds for each shot from the time the target appears. THIS RULE WILL BE STRICTLY ENFORCED AT ALL TIMES. The score of any competitor who persists in exceeding the time limit may be disallowed by the Match Committee.

In an individual competition, a competitor who misses the target with four consecutive shots (including sighters) MUST stop firing until others on the target have finished. He may then complete his shoot but will not be allowed an extra sighter.

Register keepers will NOT be provided, but there will be a Registrar of Scores (Range Statistician) on the range. The procedure of registering and scoring will be as follows:

1. Each competitor shall hand his match ticket to the Registrar.
2. His ticket will be returned to him immediately and he will proceed to his designated target where he will turn his ticket over to the competitor on the same squad who will keep his score.

3. When scores by ranges are completed, each competitor must verify and initial his match ticket which will also be signed by the competitor who kept the score. The ticket will then be handed to the Registrar for retention. When his match ticket is completed it must be signed by the competitor. There will be no erasures and corrected score will be initialled. (Refer DCRA rules).
4. The individual match ticket contains the only detailed record of the competitor's score and is the official record. As each competitor is responsible for ensuring that his match ticket is properly completed before he leaves the firing point, NO APPEAL as to mistakes will be considered thereafter.
5. CARDS NOT TURNED IN WILL HAVE THE SCORES FORFEITED FOR THAT MATCH. Failure to turn in match cards immediately will result in forfeiture of the score in the particular match concerned, but on written application to the Match Committee, the score may be reinstated in the aggregate, at the discretion of the Match Committee.

**Aggregate Cards**—All Individual, Extra Series, Bull Pool, Long Range and Grand Aggregate cards must be completed, signed and placed in the aggregate box, located in the pavilion, not later than one hour after completion of the last match included in the aggregate concerned. The competitor is responsible for its accuracy and is advised to sign the claim card as soon as received to facilitate recovery in case of loss.

**Refunds**—All claims for return of entrance fees must be made prior to the commencement of the respective competitions. There will be no refunds on Extra Series cards after matches have commenced, 9:30 a.m., July 19, 1967.

**Prize List**—The Executive Committee reserves the right to alter, amend or suspend any of the prize lists published herein at any time previous to the firing of the match affected.

**Presentation of Prizes**—A formal presentation of principal trophies, medals and souvenirs will take place at the pavilion 15 minutes after the conclusion of the Lieutenant-Governor's Match.

**Trophies**—All cups and other challenge trophies shall remain the property of the APRA. A resident of the Province of Alberta will be entitled to keep same in his possession, after completion of the proper bond until its return is requested by the secretary prior to the next annual matches.

Any non-resident of the Province of Alberta, because of the risk of non-return of the trophy will be entitled only to have his name and date engraved on the trophy.

**Notice to Competitors**—In cases not dealt with in the Provincial Regulations, the DCRA Regulations of the current year will be consulted. Competitors must make themselves acquainted with the regulations and with the conditions of any match. In no case will a plea of ignorance be accepted. Competitors are warned to refer to the notice board frequently for special notices which alter the original details of shooting or which may affect them personally. Competitors' complaints must be submitted in writing to the Secretary within one hour of the completion of the match or event concerned.
